

Keller Engineers, Inc.

Site Designer: 3-5 Years Experience

Keller Engineers, Inc. is seeking a full-time Site Designer for our State College Pennsylvania offices.

We are seeking a self-motivated professional looking to grow with us. Our Land Development Division provides site and environmental services to private clients, as well as municipal, state and federal governments primarily in central and south-central Pennsylvania, Maryland, West Virginia and New Jersey.

The successful candidate must possess a four year degree with an Engineer-In-Training Certificate, and 3-5 years' experience. Responsibilities include assisting with site layout and design, stormwater management, coordination with review agencies, and design and develop site drawings using AutoCAD.

If you are looking for an exciting, challenging career, Keller Engineers offers a wide variety of options. We are an Equal Employment Opportunity firm that offers competitive wages, a healthcare benefit package, paid time off, paid holidays, and a 401-K Retirement Plan. Salary is commensurate with experience.

Employees are given all the necessary tools, mentoring, and guidance necessary to be a successful employee, and are recognized and rewarded for hard work and innovative, creative thinking. Our employees also enjoy a work environment that provides a solid balance between work and home.

If you would like to work in this professional environment, we welcome your resume for consideration. Upload resume to Keller Engineers' "Careers" page.
