

Keller Engineers, Inc.

CADD Technician

Keller Engineers, Inc. is seeking a full-time CADD Technician for our Hollidaysburg Pennsylvania office in the Transportation Division.

The Transportation Division provides Bridge (Highway and Railroad) and Highway Design as well as Bridge Inspection and Construction Inspection Services to State, Municipal and private clients, as well as municipal, state and federal governments primarily in central and south-central Pennsylvania, Maryland, West Virginia and New Jersey.

Required: Associate Degree and a minimum of three years relative experience. Candidate must be proficient in AutoCAD, MicroStation, Revit and MS Office. Responsibilities shall include but not limited to creation of drawings for construction of building structures and bridge projects.

If you are a self-starter, multi-tasker, and can work independently or in a group setting, Keller Engineers offers a challenging and exciting career opportunity. We are an Equal Employment Opportunity firm providing competitive wages, a healthcare benefit package, paid time off, paid holidays, and a 401-K Retirement Plan. Salary is commensurate with experience.

Keller Engineers recognizes and rewards employees for hard work, innovation and creative thinking. We provide employees with the tools and guidance to enable success while working in an environment that balances work and home.

If you would like to join the Keller Engineers' team, we welcome your resume for consideration. Upload resume to Keller Engineer's website "Careers" page.
